

November 3rd, 1972

Mr. Charles Cannava,  
6 Oxford Place,  
Massapequa, N.Y. 11758.

Dear Mr. Cannava,

Thank you very much for your invitation to participate in your lecture program. At the present time I am frequently asked to talk about a number of subjects, including narcotic antagonists and opiate dependence, theories of ECT, and quantitative EEG and psychopharmacology.

I graduated New York University College of Medicine in 1945, and was Director of Research in Hillside Hospital, 1952-62; Director of the Missouri Institute of Psychiatry (St. Louis) 1962-66; and Director of the Division of Biological Psychiatry, New York Medical College, 1966-72. At present I am Professor of Psychiatry at the State University of New York at Stony Brook.

Thank you for your invitation.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
