Dear Turan,

We very much enjoyed your visit to our laboratories these past few days, and wish to thank you for all your assistance in the critique of our ongoing drug research program. Both Don Shapiro and I appreciate your taking the time from your busy schedule to review our ongoing research in new drugs and cannabis.

I shall be leaving for Amsterdam tomorrow, and will call or write to you on my return.

Again, my thanks.

Sincerely yours,

Max Fink, M.D.
