Dr. Carl F. Beaver
Assistant Director
Clinical Investigation
McNeil Laboratories, Inc.
Camp Hill Road
Fort Washington, Pa.

Dear Dr. Beaver:

Mr. Daniel Center visited with me today and I was pleased to have an opportunity to meet him. Our program for the study of trifluoperidol has progressed rather well, and we are now selecting patients who will be admitted to the Institute during the next few weeks for this study. We have, during the past two weeks, appointed a number of people to participate in this E.C.D.E.U. program.

In your recent letter, you note that you have initiated a check request in the amount of \$1,570.00 payable to the Psychiatric Research Foundation of Missouri. I would be grateful, if the letter of transmittal would indicate that this sum represents a favorable response to our request for support of our program, and that the money is appropriated for "the general corporate purposes of the Foundation." I am taking the liberty of enclosing a form draft copy of a letter which is most satisfactory to the Foundation.

I would be grateful if it is possible for you to transmit this and any subsequent amount with a similar letter.

Thank you for your cooperation.

Sincerely yours,

Max Fink, M. D.
Director

MF/jb

Enc.

The _____ is pleased to
approve your request for a grant in aid in the sum
of \$_____ for the general corporate purposes of
the Psychiatric Research Foundation of Missouri.

or:

...for the research and training programs of the
Psychiatric Research Foundation of Missouri.
