

November 1, 1965

7: Lett.
1/65

Mrs. Katherine Schilling
6644 Nottingham
St. Louis, Missouri 63109

Dear Mrs. Schilling:

I have read your letter of October 25, with interest. While I would be pleased to accommodate you with regard to recommendations of former co-workers, the few who are now in practice are not in St. Louis but in New York. May I suggest that you have your daughter seen by your family physician and if he would call me, I would be pleased to discuss his observations and perhaps make the recommendation that you request.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
