

January 7, 1964

Henry Brill, M.D., Director  
Pilgrim State Hospital  
West Brentwood  
Long Island, New York 11717

Dear Henry:

Your inquiry regarding Dr. Jose Santos can be answered promptly, since he has also made application for residency at this Institution.

He visited us on December 19th. He is a slight individual, who makes a very favorable impression. He dresses neatly, and speaks English fluently. There is a marked accent, but communication was prompt and flowed rapidly. He has adjusted rather well to his stay in Kansas City, and expresses reasonable goals for his training program. He was undecided whether he would return to Spain this spring to marry.

I was favorably impressed and recommended his appointment for the residency training program here. There is nothing in my interview or in our files to doubt the merits of this appointment.

I look forward to seeing you in Washington.

Sincerely yours,

Max Fink, M.D.  
Director
